MESSAGE

I feel exceptionally delighted and pompous to place this elite issue of the Silver Jubilee Magazine in the pious hands of our venerated stakeholders i.e. ex-students, ex-staff members, Present students, Present staff members and the society at large, who have been allied with this school, in the past as well as today. A school magazine provides a suitable podium to students and staff members to show case their imaginative talents in print. This meticulous work contains a range of writes-up such as memoirs, success stories, poems, anecdotes and other spontaneous reflections supplemented by a galaxy of vibrant photographs taken on various occasions during the last 25 years of Janthum English Medium School.

I wish many happy returns to and thank all the alumni, ex-staff members, local community leaders, students and staff members, who have contributed their valuable creations for publication in this issue. I also take this prospect to appreciate the arduous hard work made by the editorial board constituted for this task. My earnest recognition are also to the teachers and community leaders, who have been part and parcel in the process of publication of this exclusive Magazine. I also convey my cordial thanks to Principal, Janthum English Medium School for his kind guidance received by students from him from time to time for the flourishing launch of this periodical. I hope this landmark manuscript will prove to be an enlightening and intellectual treat to all readers.

I once again convey my good wishes to all the readers and wish them a happy and pleasurable reading.

MESSAGE

I am glad to know that the Jamthum English Medium High School, Kamalpur is going to observe the "Silver Jubilee Celebration" on 12th December, 2014.

I am also very happy that the school is bringing out a souvenir on the occasion of "Silver Jubilee" and hope that the souvenir will be informative which will be helpful to the students, teachers, & common people of the state.

I am sure that it will be path breaking in every aspect and will see a new lights and horizons of success.

We all working in the education sector are making all out efforts for best possible outcomes. But from the results of the examinations which conducted by school or board, some student's made judge the academic performance of the students. It is felt that there is still room for improvement. The parents, guardians and the society as a whole expect much more from all of us. But we know that teacher's is the backbone of the nation and the role of teachers in building a society has been universally recognized. On this day, the important role of teachers should play in the shaping India's future is duly acknowledge.

I am confident that the respected Principal, teachers as well as staff working in different posts in Jamthum English Medium High School shall try to perform better in the coming years and this souvenir will be an important document for concerned.

A time to celebrate

I can still recollect the past memories of how I came to know about Janthum English Medium School in 1991 during one of my official field visits. In those days I had to walk long distance and cross the Dhalai River on foot in order to reach the Janthum village. To shorten the illustration, let me put in this way, “today as I look back in the past, I have seen great changes in the journey of Janthum English Medium High School.”

Life is a journey. The path we take, what we look back on, and what we look forward to is up to us. We determine our destination. It has indeed been a long and enriching journey of 25 years. We are gathered here today to celebrate the Silver jubilee of Janthum English Medium School. The presence of the school in this remote tribal area is a source of inspiration and encouragement for the people here. It has contributed enormously towards the well being of the children around here. I am reminded of what Winston Churchill once said. I quote “You know you will never get to the end of the journey. The journey will continue on.” So the journey of Janthum English Medium High School will continue on.

The institution’s objective is best expressed through the motto Truth, Love And Service. Through many years of effort has been to Educate, Empower and Enlighten. I thank the Management, Staff and all the workers who help move forward to achieve the schools mission.

What would Janthum English Medium High School be without its children! Academic excellence along with co-curricular activities has to be the hallmark of Janthum English Medium High School. As someone rightly said ‘the aim of education is the knowledge and not of fact, but of values’. School is a platform for children to showcase their talents and discover a new facet of their personality. Students actively need to support social issues like environment, literacy and relief. Our endeavour is also to inculcate leadership qualities in our children. As you celebrate the awaited 25th silver jubilee, I wish that the program be a grand success. Long live Janthum English Medium High School.

Principal Message

It's my pleasure to say something about JEMS which is situated in the heart of Janthum on this 25 years **Silver Jubilee celebration**.

This is to extend my warm welcome to all the students, teachers, benefactors and parents. I am feeling honoured and proud of Madam **F. Lalparmawi Ralsum** founders of this esteemed educational institution in the year 1989 AD. I would like to express my gratitude to all leaders, GOs and NGOs who put hand in to this Institute for student's quality education.

Also I would like to express my heartfelt gratitude to the Tripura Board of Secondary Education for all the support and cooperation that we have been receiving since 2010 in all aspects to educate the Students.

Lastly I request all the students to think of education as the mean of developing their greatest abilities, because in each of you there is a private hope, so let this hope fulfil the aim and dreams of your parents.

School is the temple of Education; Children's are the most beautiful gift of God. So, Children's must go to School to fulfil the Aims and changes of the Temple.

Thank you

School Anthem

A happy band
From far and near;
We need to learn, the rights today.
Be loved our school J.E.M.S.
Our love for thee shall never fail.
For God is so our strength,
In him we do and dare,
The right against the wrong
Will chariest and revealed
And proudly let us stand,
United heart and hands,
And pray that God may bless and keep

Jubilee Song

1. Arise and shine, Thy light is come,
The Lord hath made thee free,
The chains of darkness bind no more,
Go forth in liberty.
 Halleluiah Amen, (Praise the Lord) -2
 We are gathering here today
 Just to celebrate (Silver Jubilee)
 Halleluiah Amen, (Praise the Lord) -2
 JEMS Silver Jubilee
 Halleluiah Amen,
2. Arise and shine, Thy light is come,
Let sin and sorrow hide,
Go forth and show to all the World.
That light and life and life abide.
3. Arise and shine, Thy light is come,
Thy God Thy Glory is,
Show forth the wonders of His love
And let all praise be His.
4. Arise and shine, Thy light is come,
And night shall be no more
Shine till the glory of the Lord
Is known from shore to shore.

Geographical Location

Janthum is a small primitive village situated within the jurisdiction of Kamalpur Sub – Division under Dhalai District, Tripura. The distance from the District Head Quarter to Janthum is approximately 27 Km. The literal meaning of Janthum is **‘Jan’ means ‘night’ and ‘Thum’ means ‘Three’** which means **‘Three nights’**. It is found and said that people who have visited this particular place are attracted to stay here for three days. Janthum English Medium High School is located in this village occupying an area of Janthum approximately 20sq.km.

Janthum English Medium High School is located in a pollution free, eco friendly environment and pleasant weather. The in-habituated around the campus are the HALAM COMMUNITY. The people still practice virgin and transparent culture in the Society.

In fact, literacy is the backbone of progressive and the heartbeat of a developing society. A literate society is free from any kind of slavery and open to varied arenas of progress. But to remove the scourges of literacy is a tough mission. To convert this tough mission in to an achievable one, the Janthum Rural Development Society (JRDS) has taken up the mission. It aims at imparting functional literacy. In fact, the region is a paradise in its unique way, if you have not yet come here, you miss the paradise.

Brief History of School Establishments (JEMS)

By Mrs. F. Lalpamawi Kaipeng.

A brief notes on the development and growth of the Janthum Bong Colony Area (Janthum English Medium School) JEMS.

Background :

Janthum area inhabited by the Halam's Debbarmas, Bengali's and Meitei's. In the year of 1975 the Bong Halams were converted into the Christianity. Many Short term missionaries are working and stayed some years and had left because they are not permanent staff. In 1989 Miss. Florence Lalpamawi Ralsun Churachanpur, Manipur was appointed by the Evangelical Free Church of India(EFCI)Executive Council on its 41st sitting dated Sielmat 15/08/1989 offered the post of Headmistress EFCI M.E. school Janthum, Tripura.

Although there is no school building, no staff, I just started my school in verandas with 30 students. There is no black-board, no chair; the ground itself is our black-board and chair/table. All the students were studied as nursery level.

I encourage myself and the community to construct a school at least catcha house, thatched roof and bamboo wall; all the parents also agreed and start working very enthusiastically.

In 1990 I made a class arrangement who are little advance in age were promoted into class-I, II and III The students were increasing year by year; I am not able to look after the works so, I wrote a letter to my younger brother Mr. Lalrawngbawl Ralsun, who is a science background. He came down from Manipur to Janthum to help me in the school, not only that, I pay a visit to my home town-Rengkai, churachandpur, share the need and request them to help me in my mission, As a volunteer Mr. Lalsiemvel Pudaite (Present District Superintendent EFCI) and Miss. Elizabeth Lalthienghlim (Present project co-ordinator, Health Dept Govt of Manipur). Responded and came to assist me and they are self sponsor. And From EFCI church three missionaries namely (L). Evan. Lalsonglien Sanate, Evan. Lallungruol Thiek, Evan. Rebeck Lalringzo; etc. were sent to assist me in the school and the church planting.

I. With World Vision:

Since 1990 the World Vision of India would like to work together in partnership with the Mission, so with the agreement between our mission agency and WVI, and then I was appointed for the post of project Manager of Janthum Community Development Project (JCDP) and to help me this new project, four Staff namely, Mr. Lallungawi Amo, Accountant, Mr. J.C. Lalhmangai Joute, Social worker, Mr. (L). Danbabu Halam, Health worker Mr. Rosiemkam Thiek were recruited.

Through this project we received great blessing spiritually and physically. We could provide text books, Exercise note books, pens, uniforms and paying their school fees Rs.10/per student. And the little amount we collected school fees is utilize to employ two graduates teacher on contact basis. I will say we hardly manage. To run a school is not an easy task. I faced many difficulties and problems in my mission works, but God is very faithful and He never left me in vain.

II. With the Community People :

Secondly, I should not forget/Missed out the community people who are standing side by side because of their dedication and sacrificial service JEMS is in this position. To develop our people some hindrances and difficulties we face together, because of that we can stand in this platform

III. Recognition of Janthum English Medium School :

With much difficulties and hardship in pursuing to get the school recognition, God has answer our prayer and in the year 1995 we received the long awaited School recognition from the Government of Tripura under School Education Department, up to class -VIII S.B. School, and later on we received a recognition of High School many students from this school they passed with a flying colours.

IV. Registration of Society Act-1860 :

In the midst of hardship and difficulties, we run the School a new day has dawn for us I am grateful to God and happy to receive the certificate of the registration of society act 1860 on 22nd November 1996 from the Government of Tripura. A new dimension and new direction was poured down on me; responsibility and task was arisen for the development onward movement among the Halam tribes.

Activities :

1. Road Link

To establish a School we need many things to restructure and implement in the community. Firstly-Proper roads is required, road connection village to village was constructed for School going children and the community. The World Vision of India has done a tremendous works for the needy places. The Government of Tripura also done a great project we can have a pucca road link till the School premises. Many students from different parts of Tripura came to get good education, a part of the local people these are the tribes who came and studied like Molsom, Kaipeng, Hmar, Debbarma, Koloi, Jamatia, Hrangkhawl, Darlong, Lushai, etc

2. Electricity in Janthum Bong Colony : While I was entering the village, there is no electric connection to the village, only post was lying it was barren. I pay visit the SDO of Electric department in Kamalpur. He was a very kind person and man of action. He promised me before Christmas. A Christmas present for the Community, His promising words are not in vain.

3. Drinking water : There are no sources of water, cacha ring well near the paddy land digging a small hole fetching by the women with a basket, the community took baths, washing, cleaning utensils at the same place... Health and Sanitation also very poor, many women and children's were very sickly because of water problem. The World Vision of India (JCDP) took keen interest and constructs a mini water tank in every village. It helps a lot in the area of health and sanitation. Now the Government of Tripura provides a water supply to every home and point also being made.

Some Vital information of JEMS :

The Janthum English Medium School is established in 1989 It is a Christian Education Institution run by EFCI Missionaries. It is based on the fear of God and convictions, perfection of faults and correction.

1. Motto : "So that man of God may be well-fitted and adequately equipped for all good works." (II Timothy 3:17) (Truth, Love & Service).
2. There is a private hostel which is called by name 'Mawipui Hostel'. 'Mawi' means beautiful/pretty, 'Pui' means great or glorious. A beautiful stone was curved and erected in front of the school, for this Hostel theme "Jehovah Jireh" (In Greek) means "God will provide) Provision will follow my best wishes and prayer will never fail; because He is a provider.
3. **Discipline** : It is a basic ingredient of disciplines. One who can't himself or herself can't be discipline and can't lead others. A discipline person not only helps himself but help others also.

4. School hand Book

While we are started a school and Hostel we felt the need of School Hand Book, we published a small hand book can cover all the rules and regulations and 52 Devotional songs also attached.

Since then the Christianity has gradually grown into its present shape with a new spacious thoughts and new ideas became larger and larger from different departments as well as good advices from friends was adopted. I could learn a lot of things which I never knew, slowly and gradually it became success.

The month and the year goes like water and running very fast. The things which I expected are not for only one day, my minds roaming here and there thinking for the future. The full settlement or (the school stable) independently can stand on her feet. One day my hardships and difficulties will overcome.

My students will declare who is our Saviour? Who is our School Founder, How she loves us, can they say? A new leader will come up and forget me!!! or after my last breath will they have like my vision ?

To make a man is not easy. From my deep heart something strikes on me and new ideas and thoughts come from the bottom of my hearts and Jot down into paper for the JEMS songs.

My best wishes and prayer goes like this -

1. Like a tender child I was brought up here,
Let the beauty and famous should spread out,
How difficult and painful to tolerate in my life.

Because of creator who made the universe
The little lambs were grown up by
Attends the sources of knowledge home of learning
And learns how to write straight and zig-zag.

2. Our forefathers were bounded by the spirit,
They don't know who is God? They bow down,
To gods and goddess to makes happy them,
They spent what they have in vain.

3. We saw the other children in the horizon,
We can't compete their scholars and wisdom,
Because of living God we learns and imitates,
Like a flying colours in a same platform.

4. In our thinking we can't afford,
But in Christ we can all agree,
Almighty God, bless us to adore you;
And we may be able to serve you,
And to be a blessing for other (15th August 1990).

Conclusion : From the small beginning God has guided and led us to this present position. We have been strengthened in many ways and enlarged in terms of student. God is showering His blessing upon the community to be an important instrument for His Ministry.

May God bless us all and use each one of us for the glory of His name and extension of His Kingdom.

Up-Gradation of High School (JEMS)

The Janthum English Medium High School (JEMS) was established in the year **1989 AD**, led by **Mrs. Florence Lalparmoi of Manipur**, who had been posted in the village (Janthum Bong Colony) as a missionary in mentioned year under the denomination of Evangelical Free Church of India (EFCI). She took all sort of strategies for bringing development in the school. She also formed school managing committee, they were **1. Late Upa Atien Halam 2. Pu Bongko Halam 3. Late. Dailaingul Halam 4. Pu. Asiek Halam 5. Upa. Zongneijoy Halam 6. Upa. Thlangthangluoi & 7. Pu. Akhup Halam**. These were the first managing committee members of the school (JEMS). All these members were God fearing people and were very faithful in their works. They never take any decision without a prayer. They all gave full support and co-operation with Mrs. Lalparmoi in bringing development of the school. Besides that, they also gave their own time & labours according to the need of the school. On the other hand, Mrs. Florence Lalparmoi continue to keep a net-working with the Govt. schemes and facilities. She also formed Janthum Bong Colony Rural Development Society. In the year **1996 AD** the school was recognized up to standard VIII (eight) (senior school) under Directorate of School Education Govt. of Tripura.

After Mrs. Lalparmoi was transfer from this School, no eligible/faithful Headmaster/Headmistress was posted in the school. But the local people were demanding a good school. Knowing the crucial need of the people in the area Janthum Bong Colony Rural Development Society (JRDS) was bound to take up full responsibility of school administrative power. Meanwhile, the World Vision of India has played an important role for bringing development in the school as well as in the society, **Mr. Jimmy Hrangate (CDC WVI)** & his brother **Albert Hrangate (Ex-Headmaster JEMS)**, who had been working with us as a Headmaster for about 7 (seven) years. He too gave his full strength and support in bringing development in the school. As a result gradually the school started developing and progressing overtime.

With the constant public demand & interest we have been giving proposal to the Director of school Education for Up-Gradation up to high school standard since 2008, at that year we had already enrolled class- IX (Nine) students. We went to different Govt. offices like District Education Office, I/S office & Director of Education offices regarding up-gradation purpose. We know that, Government official rule is very strict and there is criteria you must fulfil it otherwise you will be rejected. To get any Govt. facility, it has to be scrutinized & examine before issuing & sanctioning. So, for that reason it took long time for Board Registration while class IX (nine) students & guardians were already seeking Board Registration Card. In 2009, class IX students were promoted to class X (ten) standard without any Board Registration Card, those days were our critical periods. But, the school was setup for the kingdom of God's glory & on the Foundation Stone it was written "JEHOVAH ZIRE" (which means "On the mountain of the Lord it will be provided") Other member does not know much, how critical it was to get up-

gradation of the school. Class X (ten) students are about to appear their Metric Selection Test Exam under Tripura Board of Secondary Education (TBSE) without any registration. I too became exhausted & helpless running to the Government offices often to get up-gradation. Finally I am bound to bow on my feet & pray to the Almighty God on the 10/06/2009 in the corner of the school field it was about 7:00 PM evening. I prayed earnestly and asked Him "The school is set-up for Your Kingdom and for the Glory of Your Name. But, why are You yet keeping Silent? What will be the students' future?" The miracle of God knocked me that very moment, (Psalm 1:3) "He shall be like a tree planted by the river of water, that brings forth its fruit in its season. Whose leaf also shall not wither and whatever he does shall prosper." My tears felt with joy and I exclaimed "May Your name be glorify in Heaven and earth." I gave thanks unto Him for listening my prayer that very moment. Next day on 11/06/2009, I went and approach to our local MLA Hon'ble Sri. Sudhir Das at Manik Bhandar along with all the proposal file and documents regarding the school up-gradation matters, There and then, he quickly call the Director of School Education by his telephone in present of me, right after that the director gave us green signal for the possibility of up-gradation through his communication. The next morning on 12/06/2009, I went to the Director office at Agartala along with all the official documents, after I met the director, he did not ask/enquire me anything regarding the matter. I just handed the proposal file to him, again there and then he ordered to his clerk to prepare up-gradation letter. Within an hour I received the up-gradation letter. Those days were my ever joyful and memorable day.

God bless you all & God bless Janthum English Medium High School.

The Institution Stake-holders :

The Janthum English Medium School is continuously got support from deferent departments GO & NGO through financially and morally supporting for the development of the Institution. Without their constants supports the Institution may not attains the position of arriving Silver Jubilee. The GOs & NGOs who has been involved from the inception 1989 till 2014 can be mentioned as under.

Missionaries : The Evangelical Free Church of India (EFCI) Mission has initiated the school and rendered selfless service for the benefits of the community as well as supporting the governing Body of the School for progressing of Institution.

NGOs : the World Vision of India (WVI) has been continuously collaborated with the school up-liftment seeing the needs within the limited resources available for the school. World Vision which is child focus agency never ignores the crises for the growth of every individual student's betterment. The organization has been assisted with from deferent angles like, Hostel building, School building, Health and Sanitation - Toilet for both boys and girls, Water sources, Computer set for the students. School and Hostel furniture, Television set for the entertainment, awareness programme for the students of Janthum English Medium High School, Short term encouragements for the teachers. Needless to mention the growth of the Learning Institution World Vision constantly look into the lack of the children.

Deferent Govt. Scheme : The Government departments are available whenever are approached. The Tribal Welfare department has allotted 126 seats for the ST Hostellers to encourage the poor children to study in this School. This facility benefits to the poor family to send their children for farther education.

The Panchayate Body is not keeping quiet of the children's education- they extend their fund towards better play ground of the students and levelling the ground through NGERA to encourage the Teaching, Non-teaching Staffs for Children studying in this Institution.

The Rural Development also provided a Kitchen, Safety drinking water tank, mini deep-well and toilets etc.

The beautiful girl's hostel was constructed by the Govt. Of Tripura through R.D departments how helpful which can be accommodated many helpless poor students from deferent parts of Tripura.

The very location of the Institution is Tribal remote area; the TTAADC is not denying the need of the School. The committed staff extended whatever possibility of helping the Institution like constructing lovely Hostel for ST Girls Students.

The Health department is ever available whenever they are approached for kind of help.

The Local Church and common peoples pray continuously for nurturing the school who are directly or indirectly involve to the Institution, extending help through many ways. The School Administrative Body never forgets who have gone through all the hardship of initiation at the earlier era of the school.

Above all the local community including the well wishers guardian of committed farmers tirelessly extend helps inspite of the limited knowledge, who are uneducated and less expose of various Government Offices. The drops of voluntary tears bear the fruit of school continuation in the midst of worldly confusion of competitive modern age. The School Administrative body approaches various departments of GOs, NGOs etc for the normalcy of the School.

The Administrative body JRDS pray that children will learn and look up ward for better achievements in life through this Institution for the younger generation in future. Nevertheless all the contributors GOs, NGOs and FBOs will not be forgotten their tireless contributions.

Success story of the school

Miss Debbie Halam, BA. LLB

My name is Debbie Halam, a permanent resident of Janthum Bong Colony. I am an ex-student of Janthum English Medium School and did my basic education in this School. I completed my Graduation in BA (Hons) and obtained Law degree from NEHU (North-eastern Hill University) in Shillong. At present I am working as a Project Manager under Network of Northeast Tribes popularly called NNET in a Netherland based forum in Tripura unit. But to be very honest and truthful, my position would not have been secured if Janthum English Medium school would not have been there to give me my basic education and of course if I were not to have any support from my teachers and my family. I would not like to miss mentioning some of the special people who played a vital role upbringing my entire carrier. At the first place I want to mention Madam Lalparmawi who has played a crucial role in my life. She was strict and capable enough to excite my challenges while I was in the school. I am very grateful today for whatever strategies she took to bring me to the track. I also like to mention some other teachers of mine such as Ms. Judy, Ms. Malsawmkim, Sir Lungawi Amaw, Sir Thanga etc. My simple **"thank you"** is not sufficient enough to repay them even a bit. In addition, I would like to stretch my love and heartfelt affection to my family who has been always with me through thick and thin and have always supported me in all my decisions. In conclusion, I thank all the ex-teachers of Janthum English Medium School who has shaped me and gave me all the necessary education when I needed most. I also wish good luck to all the present teachers of this School who are engage in shaping the future of students in some way or the other.

God bless you all, God bless Janthum English Medium School.

It was a great privilege, indeed a very great privilege that I had attended and studied in a tiny but powerful institution like JEMS. You may be wondering why I called it tiny, it's because when I was in that school it was only then till standard 8th with great efficient parent like teachers were holding my hand and guided me, in every step to step of mine to build my career and show me the way to success. Presently, I've successfully completed [B.com](#) and now Pursuing [M.com](#). All this are possible only due to the strong base constructed by the teachers of JEMS. A famous and expert engineer always constructed the base of the building smooth and strong so that it can withstand the whole weight of the building to be constructed. In this contrary, if JEMS have not constructed my base well, I would not have been able to be at this present stage where I'm now. I thank and greatly owe to my beloved school JEMS.

No matter I've come from a backward family but JEMS never underestimate me in imparting pure knowledge and wisdom. In this modern day, it's impossible to gain knowledge and wisdom without financially satisfied. But unlike other institutions JEMS offer knowledge and wisdom to each and every student absolutely almost free of cost with minimum hostel fee, tuition fee etc. during those days, I always underestimated myself for not being able to be part of those students whose institution has better infrastructures and school campus. I always considered them to be superior than my institution but I was bitterly wrong. As because knowledge and wisdom don't stay in a better looking infrastructure and a good building or school campus of the school rather they are within the teachers. And those teachers are within the institution of JEMS where I once had belonged. Infact, most other institutions doesn't have proper sports and athletics facility like JEMS. Due to this I could easily cop up to the institution I shifted later JEMS for my further career. With the knowledge and wisdom provided to me by those efficient teachers shall always be remembered in my life. They had helped me to successfully complete my hurdles time without facing any difficulty in the subjects offered to me as my base have been constructed strong by the JEMS efficient and potential teachers. I can never be my own without the said institution. All the success of mine is credited to the school of JEMS. Before conclusion, I would like to add a line or two.

Everyone needs a hero. Heroes are people who make the news and are larger than life. They are the men and women of action, who think great thoughts, have nerves of steel or who make personal sacrifices – who prompt generations upon generations to speak of them in that very special way. We must hold up heroes as models for our self - models of what we want our self to be like and how we want our self to act.

A modern hero is not always a great general or statesman who have influenced society, change its views, sought to make the world a better place, entertained us or made us laugh or even given their lives for their ideals and values.

Let's learn from JEMS, be inspired by JEMS and most of all, let's appreciate the teachers of JEMS for their contributions and their courage in making each and every student successful.

Poems about love

Love Poems speak about the passion, desire and vulnerability of being in love. When you can share your life with another, your whole world is completely different. Falling in love may be one of the greatest feelings ever. Romantic relationships are the spice of life. They make us feel alive in a way that nothing else can. Genuine romance exists when two individuals show that they care for each other by doing small acts for each other that demonstrate love and affection. It makes us feel loved and cared for when we know that our significant other is thinking about how to give us the most pleasure. Romance is the key to keeping the sparks flying. Without it, any relationship will soon lose its shine.

I stands for :

For good health to all...
For better education...
For better physical conditions...
For a society having love and strength...
For creative and committed leadership...
For child friendly locality...
I stand for all these.

By Nobin Molsom

THOUGH no high-hung bells or din
Of braggart bugles cry it in—
What is sound? Nature's round
Makes the Silver Jubilee.

Five and twenty years have run
Since sacred fountains to the sun
Sprang, that but now were shut,
Showering Silver Jubilee.

Feasts, when we shall fall asleep,
Shrewsbury may see others keep;
None but you this her true,
This Silver Jubilee.

Not today we need lament
Your wealth of life is some way spent:
Toil has shed round your head
Silver but for Jubilee.

THE WORLD is charged with the grandeur of God.
It will flame out, like shining from shook foil;
It gathers to a greatness, like the ooze of oil
Crushed. Why do men then now not rack his rod?

Generations have trod, have trod, have trod;
And all is seared with trade; bleared, smeared with toil;
And wears man's smudge and shares man's smell: the soil
Is bare now, nor can foot feel, being shod.

And for all this, nature is never spent;
There lives the dearest freshness deep down things;
And though the last lights off the black West went
Oh, morning, at the brown brink eastward, springs—
Because the Holy Ghost over the bent
World broods with warm breast and with ah! Bright wings.
